Roll up, Roll up to the fairground

Roll up, roll up to the fairground
Today it's the talk of the town
Roll up, roll up to the fairground
The best fun for miles around
The brass bands play with their oom-pah-pah
The children shouting with fun
Roll up, roll up to the fairground
There's something for everyone

People dashing, plates a-crashing
Coconuts knocked off their shy
Young ones asking, children laughing
Tradesmen calling out 'come and buy'

Hear the music, taste the candy
See the lights aglow
Ride the ponies, throw the hoopla
Come and give it a go

Here on Farmer Hoggat's farm

Here on farmer Hoggat's farm there are ducks
Quack, quack, quack, quack
Waddling round the yard all day there are ducks
Quack, quack, quack, quack
Here on farmer Hoggat's farm there are hens
Cluck, cluck, cluck, cluck
Pecking at the corn all day there are hens
Cluck, cluck, cluck, cluck
So we all sing E I E I O

Here on farmer Hoggat's farm there are rats
Eek, eek, eek, eek
Scratching round the barn all day there are rats
Eek, eek, eek, eek
Here on farmer Hoggat's farm there are cats
Me-ow, me-ow
Chasing all those pesky rats there are cats
Me-ow, me-ow
So we all sing E I E I O

Now on Farmer Hoggat's farm there's a pig
Oink, oink, oink, oink
Babe's his name, but what's his game, he's a pig
Oink, oink, oink, oink
Never heard of this before it's a pig
Oink, oink, oink, oink
Wonder what there is in store with this pig
Oink, oink, oink, oink
So we all sing E I E I O

I've got a new home

I've got a new home, a new family
What does the future hold now
I've got a new mum and new friends right here
Can I be one of this crowd

(He's) Feeling bewildered
(He's) Feeling so frightened
(He's) Feeling uncertain
Yet loved all the same

(He's) Learning the ropes here
(He's) Learning to listen
(He's) Learning my part now
(He's) Still Babe is my name

Could I possibly learn to be a sheep pig?

Could I possibly learn to be a sheep pig

(Yes, no, maybe)

Has there ever been such a thing before

Could I learn to fetch the sheep

Take them where they need to be

Babe, the sheep pig, will leave them in awe

Wonder what my life might have been like

Down upon the farm where I was born

What would I have done back there

Who would I have been

Guess it doesn't matter any more

Babe has a new home

Babe has a new home, a new family
Babe is our hero today
He has a new mum, and new friends right here
Welcomed in every way

Can you believe it
Can you conceive it
Babe saved our bacon
The toast of the farm
We're going to keep him
We're going to love him
This pig is staying
We'll keep him from harm

You're a wonderful sheep pig

You're a wonderful sheep pig (a wonderful sheep pig?)

Yes a wonderful sheep pig (a wonderful sheep pig?)

You're simply the best I've seen

You're a proper gentleman (a proper gentleman?)

Yes a proper gentleman (a proper gentleman?)

The greatest there's ever been

You got manners

You are unique

We all love your sheep dog technique

You got kindness

You are polite

You wont let us out of your sight

You're getting porky

1 2 1 2 3 4

1 2 1 2 3 4

You're getting porky

You're gonna have to lose some weight

You need a workout

Your figure isn't looking too great

You need to diet

And exercise every day

Be careful what you eat

Keep moving on your feet

Trot, trot, trot those trotters, 1,2,1,2,3,4

You're getting porky

You're gonna have to lose some weight

You need a trainer

You wanna be trim and in shape

We'll take you jogging

You'll soon become a lean machine

We'll teach you how to run

We'll make the whole thing fun

Babe's our hero

Babe's our hero
He has saved us
Babe's our hero
He's the greatest

Babe's the one who saved the day
It's he who drove the wolves away
Babe's the one that made them pay
Hip, hip, hip hooray

You need the P A S S DOUBLE-U O R D
You need the P A S S DOUBLE-U O R D
Once you use it on that day
The sheep will listen to what you say
You need the P A S S DOUBLE-U O R D

I may be ewe, I may be ram
I may be mutton, may be lamb
But on the hoof or on the hook
I bain't so stupid as I look

You need the P A S S DOUBLE-U O R D
You need the P A S S DOUBLE-U O R D
Once you use it on that day
The sheep will listen to what you say
You need the P A S S DOUBLE-U O R D
